Kallie is a loving little girl who loves her own space. She enjoys all kinds of toys and lots of posts to climb on. She enjoys sitting next to you while watching TV together. She is not much of a lap cat, but she does enjoy a good back scratch! She prefers to be the only cat and can tolerate calm dogs who do not invade her space, but she is learning to share her space. She hopes you will want to share your life and sofa with her!
